** For consistency, unaudited resort tax collections will be updated by the 3rd Wednesday of every month. Since resort tax remittances are not due until the end of the month following the month they are collected, resort tax collections will not be reported until approximately 15 days after the due date. (For Example: July resort tax collections will be released by the third Wednesday of September.)

Please Note: Unaudited tax collections may be modified each month as past due collections are reported.
